

The Need

Every one of us is one diagnosis or one accident away from requiring extensive medical care. And yet, many are understandably not prepared. In fact, two-thirds of people who file for bankruptcy state that medical issues contributed to their financial collapse.* Separately, there is also a decline in church attendance year over year. T3 was formed to address these issues.

T3's Goals

- To help alleviate financial pain for local families impacted by health issues.
- To help increase attendance to church services in Schuylkill County.
- To foster a culture of community within Schuylkill County and local church services.

Mission

With God's grace, the Trials to Triumph Foundation helps Schuylkill County residents TRIUMPH through programs that foster FAITH, nurture the FAMILY, and contribute to financial FREEDOM for those impacted by medical trauma.
